SOUTRON

PRODUCT FACT SHEET

Events & Rooms

Apollo's event and room management system.

PURPOSE

Coordinates library events and room bookings, allowing staff and patrons to view availability and book spaces.

Scheduling

Create events with room bookings; manage events and rooms in separate tabs; support recurring events and room reservations.

Reminders

Automatic reminder notifications for bookings and events.

Calendars

Integrates with the staff dashboard calendar, includes a calendar in patron My Account, and offers a calendar for the library website.

Administration

Bulk event uploads and separate room hours.

Fees

Supports fees for events and room bookings, with automated fee management.

GETTING STARTED

Current customers can start a 120-day trial from their dashboard under Reference | Events & Rooms.

A self-guided tour and introductory call are also offered, and a quote is available.
